

# 2022 ANNUAL REPORT

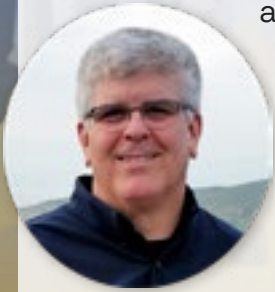

It's a joy to worship with you! We serve with you because we desire, like you, to see the world filled with worship for our God. We want others to know the love, joy and peace that is only found through His Son—including those who don't yet have access to the good news of Jesus.

Our partnership in mobilizing the gospel to these least-reached peoples is an expression of this worship. Together, we work toward an eternal purpose: that people from all nations will know the grace and salvation of our Lord and join us in bringing Him glory.

The facts and figures in this report tell a story of the Body of Christ working together to extend this Body to communities where it doesn't yet exist. It paints a picture of individuals, families, churches and organizations investing their resources, time, talents, skills and vocations—giving of themselves—for the sake of the not-yet Church.

Christar isn't at the center of this story. God is. We exist to glorify Him as we serve you, the Church, joining with each of you to give good news to those most desperate for it.

Celebrate with us in what the Lord has done as we together worship our Savior and seek to make Him known among the nations!

Sharing the treasure,

The Christar Mobilization Center U.S. (CMCUS) is part of a wider network of eight centers across the globe, uniquely able to help the churches in their regions continue extending the reach of the good news. Each center has local leadership passionate about mobilizing the gospel and serving the Body of Christ by providing training, resources and support structures for workers sent by churches in their areas. Christar mobilization centers exist because the Body of Christ continues to expand. As maturing churches begin sending their own to least-reached communities, mobilization centers are established to serve the Body of Christ in that region.

In 2022, the Christar International Network reported **17 new churches** planted in least-reached communities over the past year. These local churches are each marked by five key distinctives:

- A sustainable nucleus of people who have professed faith in Christ and identified with Him in baptism
- Believers who assemble consistently in whole or in part for worship, teaching, prayer and fellowship
- Spiritually qualified leaders selected from the local church
- Regular practice of baptism and communion
- Spreading the faith locally and, if possible, abroad

# IN 2022 You invested your people, your resources, your experience, your time ...

Those who pray, send, go and collaborate are partners in extending gospel access to the least-reached. We are working together to show the world the love, beauty and glory of God, and invite them to join us in worship.

## CHANNELS OF TRANSFORMATION

The vision of Christar is to cultivate Christ-honoring transformation in communities where He is yet to be worshiped. Christar helps cross-cultural workers invest their gifts, skills and vocations in least-reached communities and extend global gospel access through the Body of Christ.

## 2022 GIVING CATALOG IMPACT REPORT

Christar projects received over a hundred gifts in response to the 2022 Giving Catalog, allowing them to meet immediate needs and cultivate lasting spiritual blessing. God worked through this generosity to equip Christar teams and national believers to minister effectively in places where few people have been introduced to the good news of Jesus.

*"Please know that your gift has not only made it possible for many people (from a people group with extremely limited access to spiritual resources) to subscribe to our chatbot to receive portions of scripture. It is also a great encouragement to us and a tangible evidence that God is providing for what He has called us to do. Thank you for being the channel of His blessings to many."*

- SESaMe project manager

"You will be enriched in every way so that you can be generous on every occasion, and through us your generosity will result in thanksgiving to God." 2 Corinthians 9:11 NIV

**... to extend gospel access  
for the least-reached through the Church!**

The Church Partnership Team served 217 partner churches through relationships and celebrated with 11 sending churches at commissioning services for new workers.

Guided by the CMCUS Mobilizers, 432 people took their first step toward cross-cultural service.

Pre-field coaches came alongside 39 new aspiring workers on their path to the field.

With your support, cross-cultural workers received training and encouragement from CMCUS staff and global missions leaders in events held throughout the year. These training events follow four formats.
